

Spring 2	
Writing	<p>We will be beginning by exploring non-chronological reports and basing them on our learning in History of the industrial revolution.</p> <p>After, we will focus on adverts, again linking it to our History topic.</p>
Maths	We will be finishing our learning on decimals and percentage and then moving onto perimeter and statistics.
Reading	We will be reading <i>Street Child</i> by Berlie Doherty. This is a book all about the life of an orphan in the Victorian era.
DT	In DT we will be looking at bridges, what they are used for, how they are constructed and attempting to build our own based on a set of instructions.
History	We will be looking at the Industrial Revolution in History, aiming to answer the question- did the Industrial Revolution have a positive or negative impact on people?
Science	In Science, we will be continuing our exploration into the properties of materials. Through investigations we will dig deeper into understand why particular materials are used compared to others.
Latin	We will be continuing our focus on being clean and healthy, this term learning about doctors and different illnesses. Our goal is to recap the terminology and write our own sentences.
PE	In indoor PE, we will be focusing on yoga. In outdoor PE, we will be

	learning the skills in how to play a successful game of netball.
Connect	We will be beginning our new PSHE scheme called Connect. We will be introducing the scheme to the children focusing on values and the core skills of advising, discovering and noticing.
