NO NUTS IN SCHOOL

We kindly request that you do not send any food containing nuts or nut products into school for packed lunches or as snacks.

Children with nut allergies can suffer severe, potentially life-threatening anaphylactic shock from ingestion, skin contact, or even smelling nuts.

This includes peanut butter, nut-based chocolate spreads (like Nutella), most cereal/granola bars, cakes with nuts, and some Asian sauces like satay.

Please check all packaging carefully. If a product says 'contains nuts,' it must not come to school. Items labelled 'may contain nuts' or 'made in a factory that uses nuts' present a lower risk and are generally allowed.

WINTER UNIFORM

Just a reminder that children should be in their winter uniform, with a warm, waterproof coat: For further information please refer to our **UNIFORM POLICY**

Remember—no children's umbrellas into school!

NET ZERO ACCELERATOR UPDATE

We're excited to share that our journey towards Net Zero is already making a real difference—between January and December 2025, since joining the **Net Zero Accelerator Programme Pathfinder**, we have achieved significant energy savings.

Our electricity savings totaled **£11,626**, with a further **£6,917** saved on gas.

We are immensely grateful for the support of our partners in the programme and remain committed to creating an environmentally sustainable school for our community and the future.

Be a Citizen Scientist! Join the Big Garden Birdwatch—this weekend!

As a school, we are proud to be committed to sustainability and caring for our environment — and now we're inviting our families and children to get involved too.

Big Garden Birdwatch is the world's largest garden wildlife survey.

Each year, hundreds of thousands of people take part, helping scientists build a clearer picture of how garden birds are faring across the UK.

This weekend, you can become a **citizen scientist** by taking part at home or in your local area:

- Put out some bird food
- Spend time observing which birds visit
- Record what you see using the online survey
- No garden? No problem — a local park or green space works just as well
- Even if you see *no birds at all*, that information is still really valuable

Use the survey link to log your results and help protect our wildlife.

Get involved and share the moment!

If you take part, please send in photos of you carrying out your bird survey. We'll feature them in next week's newsletter and share them with class teachers — **house points will be awarded**, and it may even count as a task to tick off in your **Knighthood book**.

LIBRARY BUNTING COMPETITION

Help us create a brilliant display across our library! Download and print the template, then draw or write about your favourite book or poem, making it bright and colourful. If your design is chosen, it will be turned into beautiful bunting for everyone to enjoy in the library. Remember to include your name and class on the back of your design.

*Download the **BUNTING TEMPLATE**, or alternatively, pop into the office for a print out of the template.*

NEW PARENT SURVEY 2025-2026

32 families
answered
the survey

"We are happy and proud to be a part of the Whiteknights Community!"

"Thank you so much for everything you do! My daughter is so precious to us and I really feel at ease and so happy knowing she is safe and being well looked after."

"We are very happy with the school and the children are very happy to go there every day."

"I am always emailing the school and they are so lovely and they always reply fast and just keep my mind at ease."

"What impressed me the most were the two girls who gave us the tour of the school - so young but so polite, and proud of their school. I still talk about this part of the tour when I recommend Whiteknights to my friends. It truly shows how much you trust your pupils when giving them this important task of showing parents around and explaining what they do at school. I envisioned my daughter in a couple of years, being there all grown up and giving someone a tour of the school! Love the independence you give them and the trust you have in the pupils."

Our families say that ...

97%
Parents said they were LIKELY, VERY LIKELY or HIGHLY LIKELY to recommend the school to their friends.

WPS SHOWCASE: SCHOOL LIFE, NEWS AND LEARNING ACHIEVEMENTS

Discover the latest school news, including classroom highlights, sporting events, school trips and more.

LITTLE GEMS: LIBRARIAN VISIT

Last week, Little Gems enjoyed a visit from a librarian from Lower Earley Library. She read them a range of stories and they were totally enthralled. After the reading session, pupils used a sticker chart to vote for their favourite story, encouraging discussion and early reading preferences.

YEAR 3 SCIENCE LAB

Year 3 are learning about *Living Things and Their Habitats* this term. Pupils have explored different habitats around the school grounds and created wormeries to observe living things up close. As part of their wider science learning, they have also investigated light as an energy source, including light, shadow, transparency, and opaque materials. Pupils also created a puppet show to demonstrate their understanding!
