

When The Angels Came

- 1 We were just looking after the sheep
When the angels came,
When the angels came.
To tell you the truth
We had fallen off to sleep,
When the angels came,
When the angels came.

CHORUS *Wake up, they sang,
So merry and bright,
Filling the sky with their shining light.
Wake up, they sang,
It will be alright
For a Saviour is born tonight!*

- 2 We ran till we got to the stable bare
When the angels came,
When angels came.
We rubbed our eyes
When we saw Him lying there,
When the angels came,
When the angels came.

CHORUS
